SCHOOL OF MEDICINE AND PUBLIC HEALTH

The UW School of Medicine and Public Health's Division of Gynecology Oncology in the department of Obstetrics and Gynecology, in collaboration with the UW Carbone Cancer Center, is Wisconsin's largest gynecologic oncology team. We offer our patients state-of-the-art care in diagnosis and treating gynecologic cancer. Our gynecologic oncologists saw 1,798 patients last year, with common cancers such as cervical, ovarian and uterine as well as rare gynecologic tumors.

Your generous sponsorship invests in cutting-edge gynecologic cancer research focused on early detection and on finding ways to manipulate the immune system to fight cancer.

Your investment enables our researchers to develop new methods for diagnosing, treating and preventing cancer.
